

## PRESS RELEASE:

Once again Technetium took top honors at the annual Awards Ceremony held recently to announce and honor South Africa's Top Technology 100 companies. The event was hosted by the South African Department of Science and Technology together with Hewlett-Packard and Eskom. The Gala evening was presided over by the Honorable Minister of Science and Technology of South Africa, Mrs Naledi Pandor MP, who gave the key note address and presented the awards. Technetium was awarded the country's highest Technology accolade for a medium size enterprise:

### **"South African Eskom Award for Excellence in the Management of Technology"**

We, at Technetium, wish to share this award with our clients, partners and suppliers, who inspire us to continuously strive to improve, innovate and pursue excellence in all areas of our technology and business.

#### WINNER OF SOUTH AFRICA'S 100 TOP TECHNOLOGY COMPANIES' AWARD FROM TECHNOLOGY EXCELLENCE

## THE ESKOM AWARD

### FOR EXCELLENCE IN THE MANAGEMENT OF TECHNOLOGY

The TT100 adjudication probes deeply into the processes that an organisation deploys in the Management of Technology. Of key interest are the processes that are deployed to develop, implement and monitor the technology strategy. A winning company devotes attention to the technology life cycle, ensuring that they have a healthy mix of Emerging, Pacing, Key, and Base Technologies. Fundamental to the effective Management of Technology are the tools deployed to maintain and enhance the competitive advantage. TT100 winners focus on improvement of quality and productivity, higher flexibility, cost leadership and new market exploitation.

Award Ceremony - 2nd February 2015

Technetium CEO Wayne Aronson with  
Science & Technology Minister Naledi Pandor
